Gentlemen:

In response to your letter of January 9, 1952 requesting that we send our catalog, price lists or other similar material for the current year.

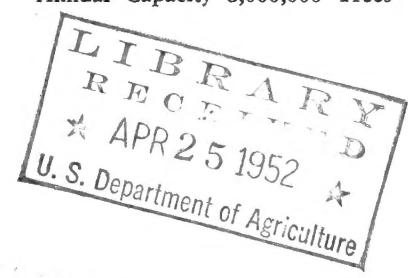

Inasmuch as our nursery operates almost entirely on advance contract orders under which we furnish seedlings at cost to bona fide timberland owners in the Douglas fir region of Oregon and Washington, we do not issue a catalog. When surpluses exist above these contract orders we do make casual sales at the rate of \$7.50 per thousand for orders of less than 10,000 and \$6.00 per thousand for orders of 10,000 or more, f.o.b. Nisqually, Wn. These prices are subject to change from year to year depending on production costs.

We hope this information satisfactorily answers your question.

Very truly yours,

N. E. Bjorklund  
Assistant Manager
